Public School Week Program On April 29th

Grammar School Plans "Open House" For April 28th

The eighteenth annual California Public Schools Week, opening on Monday, April 26, will be marked in El Dorado County by appropriate programs in almost all of the grammar school districts and with the county-wide observance centering in the exercises and display of school work at the high school on Thursday evening.

The county seat will have a two-day observance of the week, for the Placerville grammar school has made plans for an open house at the school building on Wednesday afternoon and evening.

While parents and patrons of the public schools are urged to visit the schools during Public School Week, the Placerville grammar school especially invites visitors from 1:30 until 3:30 o'clock on Wednesday afternoon. Those who may be unable to visit the school during the afternoon will, it is hoped, take advantage of the opportunity to call at the school in the evening, between 7:30 o'clock and 9 o'clock. There will be an exhibit of school work.

In view of the grammar school's approaching bond election, on April 30, it is hoped that as many as possible of the voters of the district will take advantage of this opportunity to see at first hand the conditions which the school district trustees are hoping to relieve.

Coronation Curiosities

ORB WITH CROSS

Copyright, 1937, United Features Syndicate, Inc.

One of the most important symbols in the coronation of King George VI is the orb with cross. This unique article appears in some of the earliest coronation pictures in manuscripts and tapestries.

What is the significance of the orb

The Orb with Cross, significant in British tradition

and cross? The coronation order of James II, who became king in 1685, directed that the red taffeta pall wrought with golden eagles, and the orb with the cross be brought by the Dean of Westminster "from ye Altar and Received from ye Peer, yet carried it in ye procession, and delivered into the Kings Hand by ye Archbishop, saying: "Receive this Imperial Pall and Orb; and remember, that ye whole World is subject to ye Power, and Empire of God; and yet no Man can reign happily upon Earth, who hath not received his authority from Heaven."

During the rise of the English Commonwealth in 1649 the royal regalia and ornaments used at coronations were taken from the Treasury of Westminster and sold or destroyed. Preparing for the coronation of gay Stuart King Charles II, enthroned in 1660 after the fall of Lord Protector Oliver Cromwell, this order was given:

"Hereupon the Master of the Jewell-House had Order to provide two Imperial Crowns sett with pretious Stones, the one to be called St. Edward's Crowne, wherewith the King was to be Crowned, and the other to be putt on after his Coronation, before his Majesties returns to Westminster Hall. Also

"An Orbe of Gold with a Crosse sett with pretious Stones.

"A Scepter with a Crosse sett with Pretious Stones, called St. Edward's.

"A Scepter with a Dove sett with pretious Stones.

"A long Scepter, or Staffe of Gold with a Crosse upon the top, and a Pike at the foote of steele, called St. Edward's Staffe."

Other items ordered were: "A ring with a Ruby. A paire of Gold Spurs. A Chalice, and Paten of Gold. An Ampull for the Oyle and a Spoon. And two Ingotts of Golde, the one a pound and the other a Marke for the Kings 2 Offerings."

Upon Mr. McCuen's death, Mrs. McCuen moved to Sacramento and she will move shortly from her present home to a new address, 3048 Second Avenue, since her present home is being sold. Mrs. McCuen will be glad to greet her friends at her new home.

No date for completion of the new building has been set. Mr. Berry said "we will work along at it" and intimated that the plans are to raze the building now housing the offices upon completion of the structure.

That the Michigan-California Lumber Company was contemplating a new office was admitted by Mr. Berry several months ago when the company purchased the vault door which was replaced in remodeling operations at the Bank of America in Placerville.

Other construction which the company has under way at this time includes a new cottage on the main highway adjoining the postoffice.

Crop Work Sheets Delinquent April 30

April 30 is the final date upon which farmers of the county may file work sheets in the 1937 crop program of the county agricultural conservation association.

Participation in the program is open to virtually every farmer and those who have not filed work sheets should take advantage of the opportunity to do so before the expiration date, Mr. Haslam states.

AMERICAN LEGION POST APPOINTS THREE ON MEMORIAL DAY PROGRAM

El Dorado Post No. 119, American Legion, held a lively and interesting meeting on Wednesday night.

Committee reports on public and civic affairs, interesting talks by visitors, planning for an out-of-town meeting next month and the acceptance of two names for membership, comprised the business for the evening.

L. J. Anderson reported on the progress of the youth's community building on Benham Street, a major project of the post this year, paying tribute to the various firms and individuals who have contributed material and labor to the cause.

Memorial Day committees were appointed. Harold Morehouse, chairman with N. Weber and Philip Volz on the program for the day. Henry Toedt and Duncan Bathurst are in charge of grave decorations. Rev. Morehouse's committee was instructed to meet with a similar committee from the VFW and assist toward working out a county program.

It has been generally understood for the past few years that the Veterans of Foreign Wars have charge of Memorial Day, with the American Legion assisting and the Legion to complete arrangement of plans for Armistice Day, with the VFW assisting.

The music and dramatic committee reported plans for sponsoring amateur nights at the Empire Theater; drawing on all general talent from the community, with suitable awards for participants. M. E. Raber, Dr. L. B. Rantz and Tom Maul are on this committee. Suitable arrangements have been made with Miss Ruth Knacke, manager of the theater for appearance of amateurs in conjunction with the movies and Mr. Raber reports that he will start immediately accepting names of talented individuals, who would like to try out and will explain all details to them.

Tentative plans for a public out-of-town meeting, with a program of initiation and entertainment, at George-

town on May 19th, which is the second regular meeting of the month for the Post, were laid. Mance H. Vaught is in charge of arrangements for securing a hall and other details.

George E. Faugsted, of the service committee, reported that although members carrying war term insurance have been notified by the government to convert their policies to some other type of insurance, it is a foregone conclusion that term insurance will be continued by Congress for another 5-year period. However, the committee will make another report of a more definite nature, two weeks hence.

Dr. Lester B. Rantz called attention to the grammar school bond election on the afternoon of Friday, April 30, between the hours of 2 to 6 p. m., for favorable action of the members at the polls. He said that a "yes" vote, will give the city something that has been badly needed for some time, enlargement and improvement at the Placerville grammar school.

New members, whose names were accepted for membership, were Lowell D. Hall and Clarence S. Collins.

Among other visitors present was Harry S. Coleman of Angels Camp Post, and who is now located for a short time near Camino for the state, who gave a very interesting talk on his "first trip to Placerville 33 years ago."

BEAUTIFUL WIDOW LOSES FIVE SUITORS IN "BATTLE ROYAL"

VIENNA (UP)—A beautiful 27-year-old widow named Amona of Mitrovitz, Yugoslavia, has lost all five of the suitors who made her the envy of the town's unmarried women, a dispatch to the newspaper Tagblatt, said today.

The story was that Mme. Amona, unable to decide among the suitors, suggested that they decide the matter themselves. They cast lots.

The oldest won. Then, the dispatch said, Mme.

TRUCE HOLDS IN CANNERY STRIKE IN SAN JOAQUIN

STOCKTON (UP)—Another zero hour at which violence was expected in the dispute between unionists and operators of four canneries closed down by picket lines, passed today at 8 a. m. with canners holding another meeting and state officials still attempting to negotiate differences.

Although a citizen army of more than 1,000 special deputies was reported ready to grab pick handles and baseball bats to get non-union workers into plants, these plants were not opened at the scheduled hour this morning.

A force of at least a many union men and sympathizers, reportedly similarly armed and waiting with equal determination to keep non-union workers out of the plants, was not mobilized. No strengthened picket lines were reported, leading to the belief that the temporary 24-hour truce decreed yesterday at the invitation of Governor Merriam was holding over until later developments today.

NAVY USES BOTTLES

HONOLULU (UP)—The market for empty ketchup, pickle, beer and champagne bottles remains at all times bullish here. The navy has a hard time getting enough to throw overboard for tracing ocean currents.

Amona complained: "What a shame that it had to be the oldest."

The result, it was asserted, was that the four younger suitors killed the oldest and then fought among themselves. Two were wounded seriously, the dispatch said, and the other two were arrested.

OAKLAND (UP)—This city is one of only three in the United States that possesses a band composed entirely of physicians and dentists. It numbers 14 players.

HOPE VALLEY, R. I. (UP)—Finger-printed and photographed by G-Men, a man, who described himself as a Wisconsin wanderer, was held incommunicado at state police barracks here, today, while authorities sought to link him with the Charles Mattson kidnapping case at Tacoma, Washington. He will be arraigned in Westerly District Court on a vagrancy charge later today. Authorities said they would ask for a week's continuance so he could be transferred to the county jail at Cranston and held for further investigation.

WPA Rolls Reduced 30,000 During Month

WASHINGTON (UP)—The Works Progress Administration announced today that its rolls were reduced 30,772 from February 27 to March 27, to a total of 2,114,790.

The reduction was part of the usual substantial spring cut in relief rolls.

The March 27 total was 756,847 below that for the corresponding week of 1936 and 925,062 below WPA's peak employment at the end of February, 1936.

Farley Cautions On Over-Spending

TROY, N. Y. (UP)—Postmaster General James A. Farley, told the Rensselaer County committee last night that "this country cannot continue to go on for a long time spending more than it takes in."

"Sooner or later the federal relief program will have to be curtailed," he said.

"It will have to be done gradually, however, or we will be in for some difficult times in the popular centers."

OLD ROADS AND OLD BRIDGES DEMAND FIRST ATTENTION

Before making further inroads on California's gasoline tax funds to support the big toll bridges, why not catch up with our delinquent needs?

Many new roads, promised in many parts of the State, are now long delayed by inadequate funds...

Many old roads are awaiting repairs long overdue for the same reason...

Of 3280 bridges on State highways, 250 are posted UNSAFE for legal loads and 1000 are too narrow for modern traffic needs...

\$7,000,000 is needed immediately to replace the unsafe bridges and \$25,000,000 more will be needed in 10 to 12 years for the others, reports an Assistant State Highway Engineer.

Despite these facts it is proposed to acquire the Carquinez Bridge and Antioch Bridge by issuing 20-year revenue bonds and maintain them during that period from gasoline tax funds estimated at \$4,500,000 in addition to tolls. Other bridges to follow would, on the same basis, raise the total to an estimated \$20,000,000 or more.

Write your representatives at Sacramento to consider ALL of California in spending the gasoline tax funds!

El Dorado Bartletts For Lake Arrowhead

El Dorado County's Bartlett pears may bloom in coming spring seasons on the shores of Lake Arrowhead.

Mr. and Mrs. Walter Huston, the latter of some prominence in the movie world, were in Placerville Wednesday night, stopping at Hotel Raffles, and were so enthralled by the beauty of the pears in bloom that they inquired of Manager L. A. Raffetto as to the possibilities of obtaining seedlings.

The hotel man agreed he would obtain some and send them to Hollywood and Mr. Huston will plant them around his home at Lake Arrowhead.

Mr. and Mrs. Huston were accompanied by Mr. and Mrs. John Weld.

At least, that's what the signature appears to be, and if it was John Weld, as it might have been, we've caught one celebrity and missed another.

The party continued Thursday morning to Reno.

MADRID (P)—Rebel artillery rained approximately 100 shells into the center of Madrid today on the 11th day of a bombardment which had killed 150 people and wounded more than 300.

The bombardment lasted from 6 a. m. to 7:30 a. m., today, a period during which many early workers and women going to market were in the street.

The population scattered for refuge in cellars and subway stations as shrapnel flew through the air and scattered against walls.

About 10 casualties occurred, of whom two were known dead.

He announces that the Institute is planning a full program of educational and technical work for the coming year. Mr. McSwain is manager of Shell Oil Company's asphalt department and makes his headquarters in San Francisco.

OIL COMPANY AIDE HONORED

J. F. McSwain Named Asphalt Institute Chairman

J. F. McSwain, manager of the Asphalt Department, Shell Oil Company, has been elected chairman of the Asphalt Institute, Pacific coast division, at a meeting of the board of directors here recently.

Mr. McSwain is widely known in construction and industrial circles, having been identified with that type of work for the past 30 years.

This election marks another recognition of Mr. McSwain's outstanding contributions to the asphalt industry. Shortly after his graduation from a technical course he has been identified with construction and industrial engineering. He was active in the reconstruction of the streets and street railways of San Francisco after the fire. In addition to this work, he was with the Northwestern Pacific Railroad and U. S. Reclamation Service at Lake Tulare. He served as city and county engineer of Merced and Merced County respectively for over 12 years, resigning this position in 1924 to enter the oil business specializing on asphalt products.

"The institute is planning a full program of educational and technical work for the coming year," Mr. McSwain said. "A very fine technical department is being developed which will assist engineers and others who have occasion to use asphalt in any form. We are particularly interested in developing the use of asphalt for insulation, corrosion prevention, water-proofing, roofing and similar industrial purposes. And, of course, the institute will continue to co-operate with city, state and federal authorities who plan to use asphalt for road construction and paving."

LIONS TO MEET TUESDAY NIGHT AT HIGH SCHOOL

Placerville Lions will do their part to support the Public Schools Week observance when they hold their meeting for Public Schools Week on Tuesday evening, at the high school building.

This is a fulfillment of the club's desire to hold one meeting a year at the school building and the dinner will be served by the Girls' League.

Program for the meeting is being developed by a committee headed by Dr. W. A. Rantz.

At the meeting Tuesday of this week, the club was addressed by State Senator Pirovich, of Jackson, and also by State Senator Chris N. Jespersen, of San Luis Obispo, representing the 29th district, and a brother of Lion Harold Jespersen, of this city.

Senator Jespersen urged the Lions to bend their efforts to retain the main highway through Main Street, pointing out that the modern trend appears to be to take highway travel around smaller communities.

Mrs. Veva Rita Peart favored the meeting with vocal selections with Mrs. Lena Rantz as piano accompanist.

Rod And Gunners Will Meet Friday

A dinner meeting of the El Dorado Rod & Gun Club will be held Friday night, April 30, at Hotel Raffles, at 7 o'clock. This is the first membership meeting of the club in the past two years and it is hoped that a large attendance will turn out.

Reservations for the dinner should be made with Secretary Don Goodrich, President L. B. Rantz, or Murray's store, or at the hotel.

Mrs. E. L. Watkins is at Sacramento this week, visiting her daughters, Mrs. Lester Vaughan, Mrs. Edith Bissell and Miss Edwina Watkins.

Mrs. Agnes Blair and Mrs. Laura Stroup were initiated as members of Leona Rebekah Lodge No. 30, at the regular meeting Monday night of this week.

Drunk Driving Count Jails Man Thursday

Bill Krause, local bartender, was taken into custody Thursday shortly after noon by city officers on charges of drunken driving and, upon a doctor's examination, was pronounced drunk.
